Cayenne S with SportDesign package with sideskirts, tinted LED taillights with adaptive brake lights, sports exhaust system including sports tailpipes in black, 21-inch Cayenne SportEdition wheels painted with wheel arch extensions

Philosophy

Why shouldn't you make something special even more special?

Ferry Porsche once said "We think it's more important to make especially good cars than to make an especially large number of them."

A way of thinking that's traditional at Porsche, and one that you will still find here today. Since 1986, under the name Porsche Exclusive, we have been dedicated to fulfilling our customers' special wishes and developing unique vehicles, bringing ultimate personalisation to the road. Because the possibilities of tailoring the design and performance of your Porsche to produce a distinctive, one-off creation are practically inexhaustible.

In addition to using the best materials like leather, Alcantara, carbon, wood and aluminium, our most vital commodity is our craftsmanship. It is only by using our hands that we can meet our own high requirements, when applying leather, painting or polishing. Or when tailoring and stitching or when assembling parts in our Exclusive manufacturing process. Always taking the appropriate amount of time. Or in other words, with the greatest care, composure, concentration, passion and devotion. The result? A consistent concept, right down to the smallest detail. Truly a one-off creation. Your Porsche.

Examples of ultimate personalisation using natural leather

Exclusive examples

**We'll never stop making dreams come true.
Let's shake on it.**

Our challenge is to realise your dream car, just the way you envisioned it. With visual and technical enhancements for the interior and exterior, from a single alteration to extensive modifications. Tell us what you would like and we will do our utmost to make it happen, provided that it is technically feasible and does not compromise on quality.

We can make your vehicle even sportier, even more comfortable and even more individual. What can you expect? Originality, inspiration and enthusiasm, beginning as early as the consultation. Focusing on what is most important: your particular wishes. Even with the choice of materials. Whether high-quality leather, wood, aluminium or carbon – we give every detail our full attention.

The following examples are intended to inspire you. Give free rein to your imagination and then create your complete dream car at your Porsche Centre or online with the Porsche Car Configurator. The Porsche Exclusive team at our Customer Centres in Zuffenhausen and Leipzig will also be happy to help.

Useful information on how to design your Porsche can be found on page 44. Turn to page 46 or visit www.porsche.com to find lots of interesting facts from the world of Porsche.

Cayenne S with SportDesign package with sideskirts, Bi-Xenon main headlights in black including Porsche Dynamic Light System (PDLS), 21-inch Cayenne SportEdition wheels painted with wheel arch extensions

Cayenne S

Jet Black Metallic

Your greatest desire: a Porsche.
Now for the other little requests.

We design every Porsche according to your individual ideas and wishes. With dedication. With craftsmanship. And with a needle and thread.

The result: cars like the Cayenne S in Jet Black Metallic. A one-off. Suitable for ordinary everyday use, but in no way ordinary.

The black Bi-Xenon main headlights including Porsche Dynamic Light System (PDLS) create an extravagant impression,

as do the tinted LED taillights with adaptive brake lights. The SportDesign package with sideskirts emphasises the dynamic personality of the Cayenne S.

The 21-inch Cayenne SportEdition wheels with wheel arch extensions are as exclusive as the whole car. The sports exhaust system including tailpipes in black further enhance the exclusive, sporty look and the sound of the Cayenne S.

As soon as you open the door you notice so many remarkable details: the front headrests are adorned with an embossed Porsche Crest, the centre console armrest bears the model logo, and the Tiptronic S gear selector is made from aluminium.

Then there's Porsche Rear Seat Entertainment Plus. With two separate 10.1-inch touchscreens on the backs of the front seats, integrated DVD player, SD card slot, Bluetooth® headsets and an internal 32-GB flash memory. A wealth of entertainment awaits you.

So is that the extent of the exclusive wish list? Not at all. In addition to the usual sports performance, with the Cayenne S in Jet Black Metallic there is nothing you have to do without. And the Black and Pebble Grey leather with decorative stitching in Guards Red, provides an attractive contrast.

As far as the end result is concerned, you've clearly got it spot on. And not just with regard to the exterior colour.

Cayenne S E-Hybrid

Meteor Grey Metallic

Your first sporting challenge?
Creative design.

The future will arrive come what may, but we like to meet it head on. The route we take is one of choice, filled with passion and characterised by impressive performance. Our car is the new Cayenne S E-Hybrid in Meteor Grey Metallic. It takes sportiness to a new, sustained level. Aesthetics included.

The exterior boasts a muscular appearance. Newly styled design lines lend it a highly dynamic look. You can add some special touches of your own too, even before it leaves the factory.

This can be accomplished with the SportDesign package with sideskirts, Bi-Xenon main headlights in black including Porsche Dynamic Light System (PDLS) and sports tailpipes in black, to name a few examples. The 21-inch Cayenne SportEdition wheels painted in black (high-gloss) with wheel arch extensions. Even wheel spacers for the front and rear axles (5 mm) and a fuel filler cap in aluminium look make an impact that cannot be ignored. Let your enthusiasm be seen. From the first glance, in every last detail.

As a concept, the plug-in hybrid is simply electrifying. As are the styling options for the Cayenne S E-Hybrid – for a car specified exactly the way you envisaged. Sporty, extraordinary and unmistakably yours.

The interior, trimmed predominantly in black, showcases a diverse selection of quintessential Porsche Exclusive features. A sporty touch is added by the interior package painted, air vent slats painted, PCM surround painted and the Tiptronic S gear selector in aluminium. A variance of colour is provided by the interior packages (basic and seats) featuring

decorative stitching in a contrasting colour of Acid Green.

The Porsche Crest on the headrests and the model logo on the storage compartment of the centre console have been embossed by hand. An exclusive detail that makes it impossible to forget where you are sitting. In a sports car made by Porsche. Exclusively for you.

Not personal or sporty enough for you? A set of grab handles and illuminated door sill guards in carbon will add a touch of motorsport flair.

Cayenne S

Palladium Metallic

**Created by true enthusiasts:
Porsche engineers, designers and you.**

Take a moment to admire the new Cayenne. Its appearance is unmistakably Porsche. In every aspect its stature looks more mature, more focused and more athletic. You can see it in the shape of the bonnet, the wings, the exterior mirrors and the rear. Every single detail embodies dynamic performance, because this car carries Porsche DNA. In every fibre of its being.

In fact, there's only one important detail missing: some ideas of your very own. Your enthusiasm, infused in the Cayenne S in Palladium Metallic.

Bi-Xenon main headlights in black and 21-inch Cayenne SportEdition wheels painted in Palladium Metallic underline the elegance and individuality of this Porsche. They show off your exemplary good taste, which is also reflected in the SportDesign package and the sports exhaust system including chrome-plated sports tailpipes in silver colour.

Open the doors of the Cayenne S in Palladium Metallic and one thing is instantly clear: the interior has been styled with enthusiasm. Everything exudes elegance. All details have been specifically considered and perfectly tailored to you.

The dominant material? Leather. The dominant colour? Agate Grey. Even the subtle details, such as the door release lever surrounds, the ashtrays, the rear-view mirror and the seat consoles, have been upholstered by hand with the finest craftsmanship.

A blend of colours has been achieved with the extended trim package in leather. This is then supplemented by the interior packages combining seat centres and armrests in leather, in the contrasting colour of Cream.

Other highlights in Cream include the slats on the air vents, the PCM surround, the sun visors and the grab handles – on the roof lining as well as on the doors and centre console. The lid of the centre console is adorned with an embossed Porsche Crest. Further proof of your enthusiasm and meticulous attention to detail.

Colours and materials

**Our engineering skill.
Your imagination.
An exclusive combination.**

We offer an extensive range of colours and materials for you to choose from. Selected Porsche Exclusive options are available in leather for example, a natural material that can be dyed a variety of colours, enabling you to create attractive contrasts inside your Cayenne. In addition to leather, we offer fine woods²⁾ as well as carbon, stainless steel and aluminium to enhance the interior. Your Porsche Centre can provide you with further details, or you could visit one of our Customer Centres in Zuffenhausen or Leipzig, where we would be pleased to assist you directly and give you the exclusive advice you need (see page 44).

Pebble Grey

Acid Green

Mahogany

Colour to sample leathers

¹⁾ For standard and natural leather colours, please refer to the Cayenne main catalogue. Decorative stitching is now also available in Racing Yellow.

²⁾ Since wood is a natural product, there may be variations in colour and grain.

Leather

Leather is a traditional natural material – a true classic. Items made of leather are both timeless and durable.

Carbon

Carbon fibre is a light yet highly durable material used extensively in motorsport. Its sporty look is the ideal complement to the car's race-bred engineering.

Stainless steel

Stainless steel is an especially pure material, and it looks absolutely first class.

Aluminium

Brushed aluminium sets clear accents and lends the interior a sporty minimalist look.

Dark walnut²⁾

A classic, high-quality dark wood with a unique and appealing grain.

Anthracite birch²⁾

This anthracite-coloured birchwood has an attractive wavy grain, an impressive dual-tone effect and a silky sheen.

Natural olive²⁾

A high-quality ash wood with an olive grain and a silky matt sheen, giving a combination of elegance, individuality and luxury.

Yachting Mahogany²⁾

Inspired by the construction of exclusive yachts, mahogany is a fine dark wood. Light maple inserts provide a stylish contrast.

Exclusive expertise

When was the last time your dream became reality?

What better way could there be to make a Porsche even more special than to add your own personal touch? This has been the philosophy behind the Porsche 'Sonderwunsch programme', known as Porsche Exclusive, since 1986. You can have your vehicle individually tailored to your unique requirements even before it leaves the factory. Handcrafted visual and technical enhancements for the

interior and exterior, using fine materials and with customary Porsche quality. The possibilities are as varied as your imagination allows.

At Porsche Exclusive, we create truly special cars and genuinely limited-edition production runs with an intense passion for detail and a focus on quality craftsmanship. Our ever constant goal is to ensure that each and every Porsche car is exceptional,

with its own distinctive personality and character. Our latest example: the Panamera Exclusive Series.

On the following pages, we showcase 11 extraordinary Porsche models. All limited editions, they epitomise the principle on which Porsche Exclusive is founded: exclusive expertise. Every vehicle created by Porsche Exclusive is unique and lives up to our claim and motto 'Ultimate personalisation'.

1983

1992 to 1993

1993

1993 to 1994

1995

935 Street

As a one-off in 1983, Porsche built a street-legal version of the type 935 racing car. The combination of power and luxury made the 935 Street unique in its time.

911 Turbo S Lightweight

In 1992 and 1993, the 911 Turbo S Lightweight was the highlight of the Porsche model range. Thanks to a purposefully weight-saving construction, each one of the 86 exclusive models produced delivered extraordinary performance.

911 Carrera 2 Speedster Turbolook

In 1993, Porsche realised an exclusive customer dream: 15 cars of the then brand-new 911 Carrera 2 Speedster were given the prestigious Turbolook by Porsche Exclusive. The brake system of the 911 Turbo was also available as an option.

911 Turbo Flatnose

A stand-out feature of the 964 series, the 911 Turbo Coupé was available in Flatnose design. Production ran from 1993 to 1994. The Flatnose makeover was limited to 76 models and, in addition to other style modifications, many of these were given an uprated turbo engine.

911 Turbo Cabriolet

A Porsche Exclusive special for sun-loving and power-hungry customers, a limited number of the 911 Turbo were produced in Cabriolet form. The combination of fresh air and turbo performance was available to just 14 customers.

1995 to 2000

911 Carrera Speedster

One of the rarest Porsche cars ever, the 911 Carrera Speedster was based on the 911 (type 993). Only two were made in 1995 and 2000.

1997 to 1998

911 Turbo S

With the 911 Turbo S manufactured from 1997 to 1998, the Porsche Exclusive tradition of small-scale production reached its high point but also its climax for the time being. The 993 Turbo S, of which 345 vehicles were made, was the only model in the series to achieve a top speed of 300 km/h.

2009 to 2010

911 Sport Classic

This small-scale production run from 2009 to 2010 blended the traditional with the modern to create a typical Porsche work of art. The 911 Sport Classic with a double-dome roof, 'ducktail' and 19-inch Sport Classic wheels with the traditional styling of Fuchs wheels was limited to 250 cars.

2010 to 2011

911 Speedster

Produced in a limited quantity of 356 from 2010 to 2011, the 911 Speedster not only impressed with its handcrafted, personalised interior, it distinguished itself visually from all other members of the 911 family, thanks to its shorter windscreen frame, rear apron with side air outlets and dynamically styled Speedster hood compartment lid with two muscular haunches.

2012

911 Club Coupé

The first two Porsche Clubs comprised 13 members. That was 60 years ago. Since then, that number has grown to 651 globally recognised Porsche Clubs with around 186,000 members. A unique sports car was created in 2012 to honour the first club charters: the 911 Club Coupé – with a strictly limited edition of just 13 cars.

2014 to 2015

Panamera Exclusive Series

In 2014 and 2015 Porsche Exclusive produced the Panamera Exclusive Series, a limited edition of 100 cars based on the Panamera Turbo S Executive. Its impressive features include an exquisite leather interior by Poltrona Frau, a beautiful blended paint finish, a badge showing the limited edition number and the new Porsche Rear Seat Entertainment Plus.
